

## Buy in Flexible Speech & Language Advice

[click here to read more](#)

### How does it work?

These are units of 45 minute SLT support sessions - bought in and used as and when required by you as a school across each term. This can be a telephone or skype call with one of our experienced team of school based therapists at a time to suit you.

Evaluating the best therapy approaches to be used in each class

Problem solving specific pupil or classroom situations brought forwards by a Teacher or TA

Teaching teachers and TAs a specific approach

Looking at whole school approaches and how to increase learning outcomes

Providing the latest evidence based practice solutions and showing you how to measure learning outcomes.

# How are these sessions delivered?

Secure video or voice call or a fully transcribed instant messaged conversation

## BENEFITS OF THESE SESSIONS

- SLT support is on hand throughout each week on a needs led basis and is completely driven by your timescales of need
- The SLT support is completely bespoke to your setting and presenting needs
- The support can focus on upskilling inhouse teachers and TAs with step by step SLT guidance for each pupil /classroom
- SLT Programme development in line with class targets
- Buying SLT by units is a much more cost effective SLT solution whilst not reducing your level of SLT contact/support available to you throughout each term.
- Teaching teachers and TAs a specific approach

## Assessment Services

**Formal and informal SLT assessment is essential in understanding the needs of your pupils - buy units to assess in September and then reassess each term or at the end of the year - you can buy units for one pupil, or more, and for a term, or the full academic year, use them when you need to.**

**Assessment**

**Termly Reassessment**
